

CURIOUS
KIDDIE 

NORTH AMERICAN BIRDS

BLUE JAY

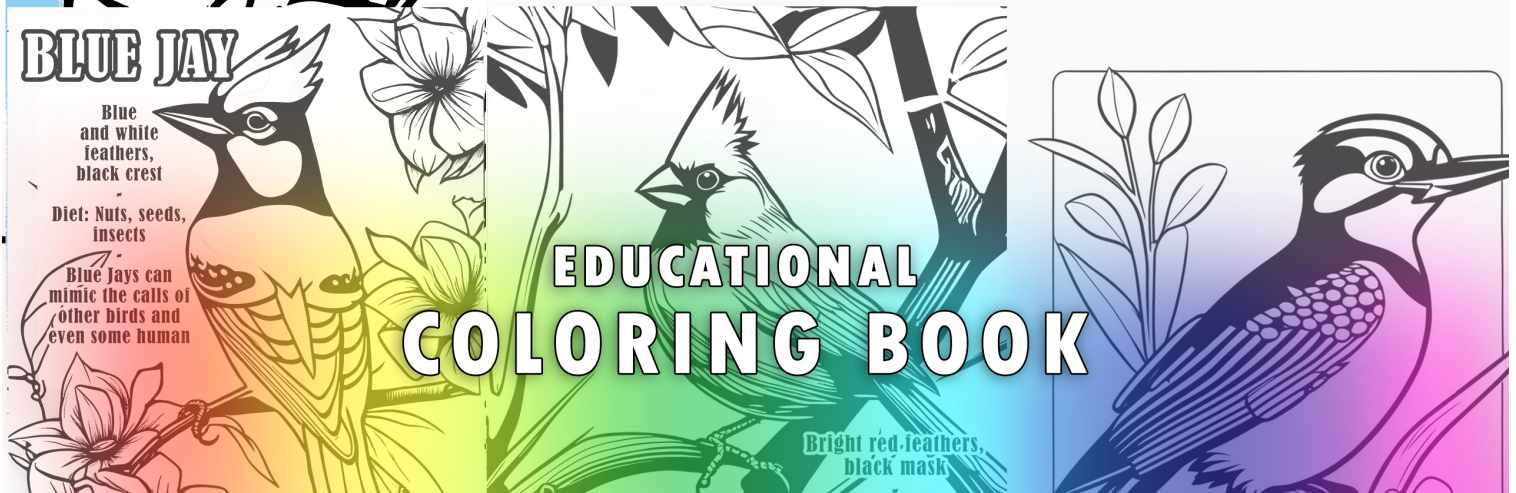

Blue and white feathers, black crest

Diet: Nuts, seeds, insects

Blue Jays can mimic the calls of other birds and even some human

EDUCATIONAL COLORING BOOK

Bright red feathers, black mask

HUMMINGBIRD

Small, iridescent feathers, long beak

Diet: Nectar from flowers, insects

Hummingbirds beat their wings so fast (up to 80 times per second!) that they can hover in mid-air
